I like coffee very much, so I said, 'Yes, I do.' Then Christine asked me if I wanted a cup. I said, 'Yes, please.' But Christine didn't know if I took sugar, so she continued to ask, 'Do you want any sugar?' I said yes. Then Christine asked me if I wanted some milk in my coffee. I answered, 'No, thank you. I don't like milk in my coffee. I like black coffee.' At last, Christine also would like me to enjoy a dessert, so she asked, 'Do you want a biscuit?' I replied readily, 'Yes, please.'
